SUBJECT: Full and Open Request for Proposal (RFP), N00039-14-R-0221, Global-Theater Security Cooperation Management Information System (G-TSCMIS) Release 3 (R3).

1. This cover letter constitutes a Full and Open Request for Proposal (RFP) under Solicitation Number N00039-14-R-0221 for the design and development of G-TSCMIS R3. It is anticipated that a Cost Reimbursable Cost Plus Incentive Fee (CPIF) Completion Contract will be awarded as a result of this RFP. The contract will include CPIF, Cost Plus Fixed Fee (CPFF), Cost, and Not Separately Priced (NSP) Contract Line Item Numbers (CLINs). The G-TSCMIS Release 3 software will be delivered under the CPIF completion CLIN in the base period. The base and option will each include a CPFF CLIN for support during fielding for Release 2 and Release 3, respectively. A Cost only CLIN for Other Direct Costs (ODCs) and a NSP CLIN for data will each be included in the base and option period.

2. Funds are not presently available for this contract. The Government's obligation under this contract is contingent upon the availability of appropriated funds from which funding can occur. No legal liability on the part of the Government for any payment may arise until funds are made available and the successful Offeror receives notice of such availability, to be confirmed in writing by the Contracting Officer. The Offerors decision to submit a proposal is at their own risk. The Government has no obligation to compensate the Offeror for bid and proposal costs.

3. The Government reserves the right to issue the contract based on initial proposals, without discussions, to the Offeror whose offer, conforming to the solicitation requirements, provides the best value to the Government, cost, price, and other factors considered. The "best value" may not necessarily be the proposal offering the lowest cost or receiving the highest technical rating. Offerors that take exception to, or do not conform to the requirements stated herein may be determined unacceptable and may be rejected without further evaluation. As well, the Government may initiate discussions as the Contracting Officer determines to be necessary.

4. This procurement is being conducted under FAR 6.1, Full and Open Competition, as supplemented.
